## Sub Court House Idea Scrapped As Location Stirs Up Fuss in the Glades

Controversy over where to locate a \$100,000 sub courthouse in the Glades ended abruptly this week when the County Commission voted to postpone, indefinitely, construction of the proposed administrative center.

Indefinite postponement of the project was proposed by Commissioner Paul Rardin, Canal Point, who said the board this week was just as far from picking a site for the sub court house as it had been ten years ago when he first proposed that such a building be constructed.

Rardin said he made his original suggestion for the sub court house, with the hope that such an installation would be of service to Glades residents.

"Instead," Rardin said, "the idea has torn asunder friendships of many years."

Declared Rardin, "I don't want to be a party to something that will keep the area all stirred up."

The Canal Point commissioner's motion came as a sudden shock to delegations from a number of Glades communities who were appearing before the board to press for location of the proposed building—either at the Pahokee Airport or at Belle Glade.

Rardin was backed in his motion by Commissioner Lake Lytal who lectured the packed audience on what appeared to be the inability of Glades communities to get together on a common site for the benefit of the entire Glades area.

"It seems to me that if you acted like adults you could reach agreement on a matter like this."

Lytal was particularly biting in his remarks at one point, directing them at an unidentified member of the audience who got to his feet to threaten about the vote "you fellows will get the next time you run."

Lytal termed this threat of intimidation "silly" and as not part of the issue.

"Every time the board tries to do something," Lytal said, "we get involved in this kind of stuff."

He went on to explain the commission considers the Glades area one of the most important sections in the entire state, and that in proposing the sub courthouse, had been offering the area a service. He added that Delray Beach, Boynton Beach or Jupiter had just as much right to expect a sub courthouse since residents in those areas are located as far from West Palm Beach as sections in the Glades.

Lytal left the door open for future discussion of the project, by asking the Glades delegation to meet and try and determine what is best for the Glades—not what is best for any individual city.

Prior to the commission's unanimous decision to postpone the project, representatives from the areas of both Pahokee and Belle Glade spoke in favor of locating the sub courthouse in their respective areas.

## Tore It Down And Rebuilt In A Week, Canal Point Bridge

Speed, dash and accuracy is the only way to describe the operation of tearing down the new Canal Point bridge and rebuilding it in a week. Cleary Brothers Construction Company of West Palm Beach had the contract of tearing out a row of piling and piling cap, along with a portion of the deck on the new bridge so that the Dredge Fairlie could get into Lake Okechobee.

Engineers and laymen thought it would take a month, some thought three weeks and highly optimistic folks thought maybe two weeks would be required for the operation. On Monday of last week they tore out the span and allowed the dredge to pass through. Immediately they started rebuilding the bridge and Monday afternoon of this week they turned traffic over to the bridge. A job well done and to the satisfaction of all concerned.

## Camporee Draws More Than 500

More than 500 persons attended the Boy Scout Camporee and barbecue held on the Pahokee Elks grounds Saturday under the joint sponsorship of Pahokee Boy Scout Troop 28 and Canal Point Boy Scout Troop 24.

The program of entertainment presented by the scouts prior to the barbecue consisted of inter-troop contests, two of which, the compass reading contest and the sack race, were won by Canal Point Troop 24 and three events, the three-legged race and the water boiling and knot tying contests, by Pahokee Troop 28.

Officiating at the Camporee were George King of Belle Glade, Glades District commissioner, and Ed Carver of Pahokee, neighborhood commissioner. Scoutmaster Phelix A. Slonaker of Troop 24 and Scoutmaster Louis Mims of Troop 28 were assisted in the supervision of camping details by James W. Reppe and Clinton L. Livingston, Canal Point assistant scoutmasters.

Proceeds from the barbecue will be divided equally between the two troops for use in purchasing troop equipment and other expenses, according to Robert McIntosh, advancements committee man who was in charge of general arrangements. He expressed his appreciation and thanks to all persons who assisted in any way in making the camporee and barbecue an outstanding success and also expressed his regrets that there were a few latecomers who had to be turned away unserved.

It is the hope and intention of local scout officials that this camporee and barbecue of the Pahokee and Canal Point troops will become an annual event the weekend following Easter.

## Cinematic Chatter

By Malcolm Miller

Hello everybody! Rugged Randolph Scott is all for getting the girls outdoors. The star of Western sagas thinks more feminine stars should make outdoor pictures. "I'll improve their health, dispositions and bank accounts," declares Randy, who is the first to admit that he himself has benefited considerably in all these categories as a result of his successful career in this type of film. "They had a hard time getting me out of the drawing room and into the sun," he adds, "but I've never been sorry. When I first started in pictures I was the guy who leaned against the mantle with a cocktail in my hand, spouting gay, brittle witticisms. As I look back, it wasn't until I went Western that I really began to enjoy my career." Hollywood's "gentleman from Virginia" thinks the lovely ladies of the screen can benefit just as much as he did from outdoor careers.

Movie-making, he says, seems less of a job when it's done in the great outdoors. "A feminine star who does all her pictures on a sound stage is bound to have her health improved when she moves outside. She'll be exposed to fresh air, sunshine and exercise when she does a western and will probably feel better than she has since she was a youngster. As a result she'll sleep better, have a better appetite and be filled with life and sparkle. This will improve her disposition, as well as her health." See you at the movies—Mal.

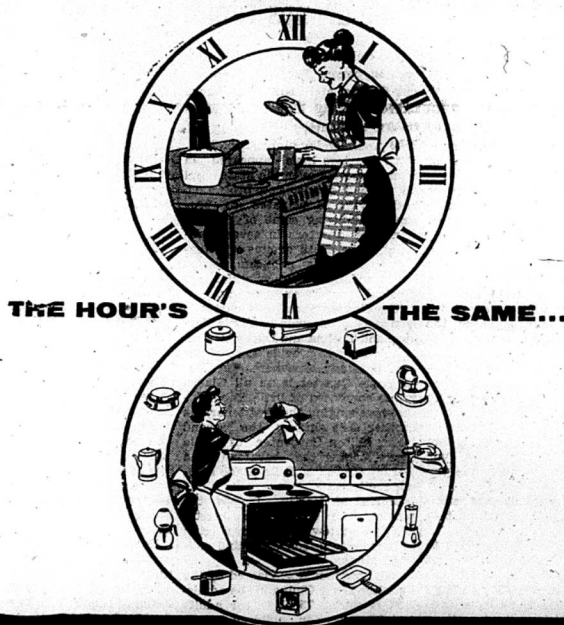

## Business Women Elect Officers

Miss Bette Lou Pickett was elected president of the Pahokee Business and Professional Woman's Club at a meeting and buffet supper held by the club in the Community Hall at Canal Point Tuesday night with Mrs. Johnnie Davis, retiring president, presiding.

Mrs. Ethel Johnson introduced as guest speaker Miss Banna Rodriguez, field supervisor for the nursing division of the Palm Beach County Health Department, who described the public nursing service of the County Health Department and the manner in which it works to promote the health of all the people of the County. She told of the activities of the prenatal clinics, the postnatal care of mothers, the immunization program for school children, the demonstration and teaching of nursing techniques in the home, and other services which promote the general health and welfare of a community. She also outlined plans for the Salk polio immunization program in the County, which is already underway.

Following the meeting club members and guests enjoyed canasta and bridge. Hostesses at the buffet supper were Mrs. Violet Hitchcock, Mrs. Pearl Santee and Mrs. Dorothy Rogers.

## Ben Franklin gives you some expert advice about Payroll Savings

"What though you have found no Treasure, nor has any rich Relation left you a legacy, Diligence is the Mother of Good Luck."

Have you ever wished you had \$1,000, \$5,000 or more—to buy a car, get a home, help you toward retirement? Today, it is actually easy to save such large sums! Because, today, you can have your saving done for you—with automatic diligence—through the Payroll Savings Plan.

"If you would have a faithful Servant, and one that you like, serve yourself."

Serving yourself means *keeping* some of the money you make each week and investing it, for yourself. Here's how: you just name a sum to your company's pay office—a few dollars or as much as you want. Each payday, that sum will be saved from your pay, before you get your check and invested for you in one of the world's finest investments, U. S. Series E Savings Bonds!

"Little Strokes fell great Oaks."

Because Savings Bonds earn good interest, they're soon worth more than the money you've invested in them. And how your savings mount up! Sign for as little as \$5.00 a week and in 9 years, 8 months, you'll have \$2,850 *cash*. In 19 years, 8 months, you'll have \$6,872!

"One To-day is worth two To-morrows, and farther. Have you somewhat to do To-morrow, do it To-day."

For your own sake, don't put off joining the 8 million Americans who are making their dreams come true through Payroll Savings. Sign up for Payroll Savings today. Or, if you're self-employed, invest in Savings Bonds regularly where you bank. If you want your interest as current income, ask your banker about 3% Series H Bonds which pay interest semiannually by Treasury check.

"Remember what Poor Richard says:  
Many a Little makes a Mickle."

The Lesson - Sermon entitled "Probation after Death" will include the following from the Bible (Hebrew 2:9-15): "But we see Jesus, who was made a little lower than the angels for the suffering of death, crowned with glory and honour; that he by the grace of God should taste death for every man. . . And deliver them who through fear of death were all their lifetime subject to bondage."

Among the correlative passages to be read from "Science and Health with Key to the Scriptures" by Mary Baker Eddy is this (426:16): "When it is learned that disease cannot destroy life, and that mortals are not saved from sin or sickness by this understanding will quicken into newness of life. ## 1 Killed; 5 Injured In Road Mishaps

Steve Grant, 60-year-old Negro, was killed instantly at 10:35 a. m. Sunday when he started to cross SR 15 in front of Chastain Brothers labor quarters at Sand Cut and walked into the path of a tractor-trailer transport truck rolling south. B. P. Spangler, driver of the truck, tried to avoid hitting Grant by swerving his vehicle to the right but the Negro was hit by the left side of the trailer which hurled his broken body 114 feet down the highway.

In the meantime the tractor-trailer left the highway, sideswiped the Chastain Brothers fertilizer warehouse tearing down the strings of power lines serving the building, and threw its driver out of the cab. The driverless vehicle then careened down the right-of-way of the Florida East Coast Railroad tracks for 588 feet before coming to a stop in a ditch. Spangler received a lacerated big toe and abrasions of the left arm and foot from the accident. Damage to his tractor-trailer was estimated to be only \$100, according to Trooper Charles McWilliams, who investigated. No charges were made against Spangler.

At 1 a. m. the same morning another accident on SR 15 11 miles north of Canal Point caused injuries sufficient to put four persons in the Everglades Memorial Hospital for treatment, two White women, Mrs. Josephine M. Robinson and Mrs. Coburn Harding, both of Palm Beach, and two Negroes, Thomas Woodard of Elkhart and Arthur Nelson of Pompano. This accident occurred when the Nash Rambler driven by Mrs. Robinson crossed over the center line of the highway and struck the left dual

wheels of a truck driven by Johnny Brown, Negro of Elkhart, who was the only person involved in the accident not injured. Both vehicles were almost a total loss, according to Trooper John Hicks, who charged Mrs. Robinson with driving on the wrong side of the road and causing an accident.

## Sub Court House—

(Continued from page 1)

urged the commission to name a five-man non partisan board from the coast, to survey the Glades and pick a site for the court house annex on the basis of the greatest center of population; geographical location, area with best roads, best business area and the area most likely to progress the fastest in the future.

Speaking for Belle Glade were Mayor Walter Ashley, George Wedgworth, H. L. Zump and C. L. Todd.

Favoring the airport site were Pahokee Mayor Lewis Friend, Councilman F. S. Parrish, Osceola Upthegrove, M. P. Stanley and James Repper.

Councilman Parrish pointed out that in response to a county letter for suggested sites, only the group favoring the airport had made a proposal—other interests he said only offered opposition to the airport site.

Following the commission's action, Mayor Friend told the county board that it shouldn't be "upset" about the seeming controversy between Pahokee and Belle Glade.

Residents of the two areas are friends, he said, and "our struggles are a sign of progress."
